第一反应者

1ST responders

2

00:00:14,150 --> 00:00:17,620

勇敢地走到前线 尽他们所能提供帮助

venture up to the front, doing the best they can to help.

3

00:00:18,220 --> 00:00:21,710

最常见的伤害来自地雷爆炸 火炮

The most common injuries are from mine blasts, from artillery,

4

00:00:22,080 --> 00:00:33,900

炮弹和迫击炮 至于直接头对头的伤害 只有一小部分伤到我们身上 通常高达90%的伤口是由地雷炸药造成的

shelling and mortars. As for injuries from direct head to head combat, only a small percentage gets to us, usually up to 90% of the wounds are due to mine explosives.

I have the feeling that my help is needed, and if it saves the life of at least one soldier who were later joined the ranks, then my work was not in vain.

9

00:01:02,650 --> 00:01:06,130

但乌克兰士兵和医生付出了沉重的代价

But Ukrainian soldiers and doctors pay a heavy toll.

10

00:01:06,210 --> 00:01:15,980

在如此激烈的战争中 对我和任何医生来说 最艰难的事情是当一个受伤的士兵成为伤亡人员

Surrounded by such intense warfare, the hardest thing for me, and for any doctor, is when an injured soldier becomes a casualty.

11

00:01:16,100 --> 00:01:20,380

即使在平时时期 当病人死亡时 这总是很困难的

It's always difficult, even in peacetime, when patients die.

12

00:01:20,390 --> 00:01:25,270

现在 更重要的是 因为这个人健康的 他们刚刚去世

Now, even more so because this person was healthy and they just died.

13

00:01:25,950 --> 00:01:32,830

医护人员和士兵们一直在重新部署来自南方的牡鹿泥和毛子 或者装出一副勇敢的样子

Medics and soldiers have been redeploying the buck mud from the Southern from and hair son or putting on a brave face.

14

00:01:32,990 --> 00:01:37,470

他们说这里的战斗比我见过的任何地方都残酷
